We intend to stop offering the rental option as we do not consider this a good business, and we were only doing it as a convenience to our subscribers. We do not feel the benchmarks take a situation, such as ours, into consideration.

Our major concern, however, is that no consideration, whatsoever, was given to systems operating in rural areas with a low density of homes per mile of cable. There can be

P.S. As a matter of information for your records, I have just spoken with the county managers office for both Mitchell and Yancey County. They have had less than 1/2 dozen complaints concerning our company, and **all** of these were from people out of our service areas, who wanted to be served by our system. No service or rate complaints have ever been received.
